Assembly

Warning! Before attempting any of the following instructions, make sure that the appliance is switched off and unplugged and the appliance is cold and does not contain any water.

Attaching the handle (Fig. A)

- ◆ Slide the bottom end of the handle (4) into the top end of the stem mop body (11) until it clicks into place. The arrow on the handle (4) should be aligned with the top of the steam mop body (11).

Attaching the water tank (Fig. B)

- ◆ Slide the water tank (3) into the steam mop body (11), ensure that the water tank is firmly seated.

Attaching a cleaning pad (Fig. C)

Replacement cleaning pads are available from your BLACK+DECKER dealer :- (cat no. FSMP20-XJ).

Delta cleaning pads :- (cat no. FSMP30-XJ).

- ◆ Place a cleaning pad (6) on the floor with the velcro 'loop' side facing up.
- ◆ Lightly press the steam mop down onto the cleaning pad (6).

Caution: Always place your steam mop with the handle (4) supported in the upright position when stationary and make sure the steam mop is turned off when not in use.

Removing a cleaning pad

Caution! Always wear suitable shoes when changing the cleaning pad on your steam mop. Do not wear slippers or open toed footwear.

- ◆ Return the handle (4) to the upright position and turn the steam mop 'OFF'.
- ◆ Wait until the steam mop cools down (approximately 5 minutes).
- ◆ Lift the steam mop away from the cleaning pad freeing it from the velcro fastening.

Caution! Always place your steam mop with the handle (4) supported in the upright position when stationary and make sure the steam mop is turned off when not in use.

The Delta Head (Fig. D)

This Steam Mop incorporates a built in delta head which enables you to access into tight corners and narrow gaps.

Caution! Always wear suitable shoes when accessing the delta head on your steam mop. Do not wear slippers or open toed footwear.

- ◆ Return the handle (4) to the upright position and turn the steam mop 'OFF'.
- ◆ Wait until it cools down (approximately five minutes).
- ◆ Place the front of your shoe onto the steam head removal tab (5b) and press down gently.
- ◆ Lift the delta head (5a) up off the steam head (5).
- ◆ Fit the delta head cleaning pad (6a) to the bottom of the delta head.

Filling the water tank (Fig. E)

The water tank on your steam mop is removable for convenient and easy filling.

Note! Fill the water tank with clean tap water.

Note! In areas of hard water, the use of de-ionised water is recommended.

- ◆ Remove the water tank (3).
- ◆ Remove the filter cap by unscrewing in an anti-clockwise direction.
- ◆ Fill the water tank (3) with water.

Warning! Your water tank has a 350ml capacity. Do not over fill the tank.

- ◆ Replace the filter cap by screwing in a clockwise direction.
- ◆ Re-fit the water tank (3).

Note! Ensure the filter cap is firmly secured.

Note! Do not use chemical cleaners with your steam mop water tank.

Use

Important! This unit will kill 99.9% of bacteria and germs when used in accordance with the instructions in this manual and with the micro fibre pad fitted and a continuous run time of 90 seconds.

Switching on and off

- ◆ To switch the appliance on, press the ON/Off button (1). It takes approximately 15 seconds for the steam mop to heat up.
- ◆ Press the steam operation button (2). This will operate the pump and the unit will begin to produce steam.
- ◆ To stop steam generation, turn the steam operation button (2) to off. This will maintain power to the boiler for quicker start up.
- ◆ To switch the appliance off, press the ON/Off button (1).

Caution! Never leave the steam mop in one spot on any surface for any period of time. Always place the steam mop with the handle (4) supported in the upright position when stationary and make sure the steam mop is turned off when not in use.

Caution! Always empty the steam mop after use.

Note! When first filled or after running dry, it can take up to 45 seconds for steam to be produced.

Variable Steam operation

The unit is equipped with a variable steam operation controlled by the thumb wheel (10) located on the handle grip (9). This allows for 3 different surface settings.

The variable steam settings are:

Wood / Laminate

Tile / Vinyl

Stone / Marble

Hints for optimum use

General

Caution: Never use the steam mop without first attaching a cleaning pad.

- ◆ Always vacuum or sweep the floor before using the steam mop.
- ◆ The easiest way to use the appliance is to tilt the handle to a 45° angle and clean slowly, covering a small area at a time.
- ◆ Do not use chemical cleaners with your steam mop. To remove stubborn stains from vinyl or linoleum floors, you can pre-treat with a mild detergent and some water before using the steam mop.

Steam Cleaning

- ◆ Place a cleaning pad (6) on the floor with the velcro 'loop' side facing up.
- ◆ Lightly press the steam mop down onto the cleaning pad (6).
- ◆ Connect the steam mop to the mains.
- ◆ Press the ON/OFF button (1). It takes approximately 15 seconds for the steam mop to heat up.
- ◆ Press the steam operate button (2). After a few seconds, steam will start to come out of the steam head.

Note! When first filled or after running dry, it can take up to 45 seconds for steam to be produced.

- ◆ It takes a few seconds for steam to enter the cleaning pad. The steam mop will now glide easily over the surface to be sanitized/cleaned.
- ◆ Push and pull the steam mop slowly across the surface to thoroughly steam clean each section.
- ◆ When you have finished using the steam mop, return the handle (4) to the upright position, making sure that it is supported and turn it 'OFF'. Wait until the steam mop cools down (approximately five minutes).

Caution! It is important to monitor the water level in the water tank (3). To refill the water tank and continue to sanitize/clean stand the mop upright making sure that the handle is

supported and turn the steam mop 'OFF'. Unplug the unit from the electrical wall outlet, remove and refill the water tank (3). **Caution!** Never leave the steam mop in one spot on any surface for any period of time. Always place the steam mop with the handle (4) supported in the upright position when stationary and make sure the steam mop is turned off when not in use.

After use (Fig. F)

- ◆ Turn the steam mop 'OFF'. turn the steam operation button (2) to off and then press the ON/OFF button (1).
- ◆ Wait until the steam mop cools down.
- ◆ Unplug the steam mop from the electrical wall outlet.
- ◆ Empty the water tank.
- ◆ remove the cleaning pad (6) and wash it ready for next use.
- ◆ Clip the supply cable around the cable tidy hooks (7 and 8)
- ◆ There is a hanging bracket (10a) built into the hand grip (9) which allows your steam mop to be hung from a suitable hook on the wall. Always ensure that your wall hook is capable of supporting the weight of the steam mop safely.
