* Not illustrated

+ To keep downtime to a minimum, it is desirable to have on hand certain repair parts we recommend that you stock one (pair or set) of each part indicated by a (+) for every four tools in service.

Parts and Maintenance

When the life of the tool has expired, it is recommended that the tool be disassembled, degreased and parts be separated by material so that they can be recycled.

Tool repair and maintenance should only be carried out by an authorized Service Center.

Refer all communications to the nearest **MAC TOOLS** Office or Distributor.
